they sign a contract with
us, you'll receive 3 free
months of monitoring!

(up to \$100)

Valued Customer,

During this tough year, we took a step back and focused on supporting the people in our communities even more than we traditionally do.

In June we were excited to award two students attending a Maine technical school, \$1,000 scholarships toward their education this coming fall! The winners were selected from over 30 applicants who were required to provide details about their programs and outline their plans for the future. Investing in trade educated people only makes sense since it's a retiring skill. In order for Seacoast to keep our edge and support our growing business and customers, we need trade-talented people!

We congratulate both Colby Charette from Hermon, attending Eastern Maine Community College and Jacob Lawrence from Waldoboro, attending Southern Maine Community College for being our winners! We wish them both luck as they work toward their Electricians Technology program certificates starting this fall!

One thing's for certain as we round the middle of 2021, things are feeling familiar! In a good way! We are able to see our employees and customers in person now, after a long time apart. We enjoy seeing their smiling faces and look forward to serving you more intimately than we were able to in 2020! We are still practicing COVID-19 safety protocol, not because we're required to, but because we know it's the right thing to do. The right thing for our team of employees, the right thing for our communities and the right thing for you. Thank you, more than ever, for trusting in us and being our customer.

Here's to a safe, fun summer!

Scott and Stephen Haynes, Owners

We've Moved!

Our Presque Isle branch has moved to Caribou so that we may better service our customers in our northern most points in Maine! Mario will still be handling sales, installation and service for the area so don't worry, you're in great hands! While the branch is open for appointments only, we welcome your call if you need anything at all!

Friendly Reminders This Summer

If you received a letter or email regarding an important sunset cell upgrade and have not scheduled your appointment, please reach out to us at sunset@seacoastsecurity.com.

How does your garden grow? More specifically, your shrubs? If the growth around your windows and doors has become unruly, you may be risking more than curb-appeal. Burglars love properties where they can be out of sight, especially when checking to see if doors and windows are unlocked! Trim your foliage back so you can keep an eye out for unwelcome guests.

Skip the posts! If you're on vacation, don't post about the fantastic time you're having while you're having it. People are lurking behind your news feeds, waiting for the invitation to your home! Not to mention, this is likely your first vacation in over a year so live in the moment! You can post about that delicious cocktail, sunburn or spectacular view when you get back!

Have you updated your passwords recently? Your security codes should be on schedule with your other passwords. Now's the time to switch them all up so your information and your property is safe. Call our Data department or email data@seacoastsecurity.com and we'll help you cross that off your list!

Do you know someone who's admired your security system but hasn't yet taken the plunge? We want you to push them into the 21st century and we'll pay you to get them there! For every friend you refer who buys a system with Seacoast, we'll give you back three month's of monitoring costs! Have 4 friends? Your monitoring for the entire year is free!! See the first page of this newsletter for details!

We'd Love to Hear What You Think

This quarterly newsletter is designed to keep our customers informed about new hot topics in the security industry as it relates to our products and services. We would like to know what you think about the current content and what you'd like to hear more about. Send suggestions to customerservice@seacoastsecurity.com. We'd love to hear from you!

What Our Customers Have to Say...

"Thank you for hiring such courteous people! Not only was Chris knowable, thorough and efficient, but he was patient with me when I thought a neighbors truck backing up was my alarm going off! I know I'm in the best hands with Seacoast Security." – Bailey Island, Maine Customer

"I want you to know that the school principals and staff have given nothing but praise to Josh and his team doing the security camera installs. They're neat, efficient and professional. I couldn't ask for anything more." – Waldoboro, Maine Customer
