Happy Summer!

We hope you're enjoying this beautiful summer. As we all can agree, they go by too fast. If you are one of the fortunate ones who leave New England for the winter months, now may be a good time to give your security system a thorough test, and perhaps review your call list to ensure it's up to date with current names and phone numbers. If you feel that you'd like assistance with the testing or updating process, please call our service department at 800-654-8800 option #2, we're happy to help. We are always here to assist you with any security needs you have.

We hope you enjoy this newsletter. Thank you for being our customer.

Stephen Haynes, Owner

Tips For a Safe Vacation

***Most homeowners focus on securing the main house –
but that's not your entire home.***

1. *Don't forget to secure your garage. Ensure your service door is locked, your keys and overhead door openers are removed from your car and valuables are out of sight.*
2. *Remove "hidden" keys from your property. Instead, give keys to the person sitting for you while you're gone.*
3. *Tidy your yard of valuables like grills and expensive decorations that people may be interested in helping themselves to.*
4. *Let your close neighbors know you'll be out of town so they can inform you of any suspicious activity while you're away. Have them gather your mail and paper too so it appears someone is home!*

Enjoy your vacation. After all, this season is why we live in New England!

WE ARE SEEKING DEDICATED WORKERS!

We are hiring in Maine, New Hampshire and Vermont. Please refer to our website for openings and contact Jackie in HR at 207-236-4876 or jackier@seacoastsecurity.com for details!

Meet Our Newest Member of the Freeport Team!

Nathaniel Hodgdon, our newest Branch Manager in Freeport, grew up in the Boothbay, Maine area attending elementary and high school while lobstering with his father during his summers. He knew that he always enjoyed working with his hands so when he needed a year-round job, he applied to Poole Brothers Lumber. While out on deliveries and in talking with the local tradesmen, he decided he wanted to join a trade. Nathaniel spoke with his father, also a tradesmen, who encouraged him to become an electrician and he's never looked back. Nathaniel started working at large paper mills and on commercial building installs and worked his way over to the telecommunication field, installing structured cabling. He then transitioned to a local security company and began working as an Install Technician. Nathaniel eventually found himself in the office and was soon managing technicians and helping with anything he could. "I have recently made the move to Seacoast Security and have never been happier. Going forward, I am making it my goal to exceed all expectations and get you, the customer, the best experience I can offer, with any installs you are dealing with." promises Nathaniel.

Welcome to the team!

What Our Customer's are Saying...

"We have found the service and follow up from your staff to be exceptional. It is really a breath of fresh air to get this type of service in today's world where every business has been impacted indirectly by delays related to staffing." – *Bob O. in Vermont*

"Seacoast Security is a wonderful company to do business with. Very reasonable." – *Pauline B. in Maine*
