Summer 2023 Newsletter

Dear Customer,

It appears the seasons warm weather is taking its time arriving in our beautiful state, but we all have plenty to do as we wait for summer to take hold of us all.

If you've been away for the winter, please take the time to make sure your security system call list and contact numbers are accurate and up to date. We also encourage our customers to test their system and make sure everyone on your call list are familiar with your system and how it works - how to reset it in the event of an alarm and that they are aware of any special instructions you may have in case of an alarm. Also, check those cameras and their line of view. Are you still able to see what you're intending to protect? Some trimming of trees or shrubs or just redirection of your camera might be needed after winters beating. If you are unsure how to do this, please don't hesitate to call us and we will be happy to assist you.

In June we celebrated with the newest winners of our annual Maine Technical School Scholarships. See our Facebook page for details on this year's two winners of \$1,000 each!

Lastly, Scott and I want to thank you personally for being part of the Seacoast family. We are honored that you've chosen us to protect your home and business. It's a job we all take very seriously and will continue to do so in the future.

Have a fantastic summer!

Stephen Haynes, Owner

We've Heard You!
